BID OPENING: December 12, 2016, 2:00 PM.
City of Newport, AR, Mayor's office

ADDENDUM #4

1. The revised plumbing plan is attached. The main revisions are the elimination of the grease trap, and the addition of gas piping for certain kitchen appliances and a new HVAC unit in the kitchen. This piping is shown in blue, and is routed above the grid ceiling. The grade trap was eliminated because of the slope of existing sewer line would not allow it and an under fixture

grease trap may be added, but this will be by change order.

2. Demolition for installation of new plumbing should be handled by contractor.

3. A kitchen hot water heater may be added in the future, but this bid should be based on the drawings.
