

ADDENDUM NO. 2
TO
4-BAY BOX HANGAR & ACCESS APRON
BATESVILLE REGIONAL AIRPORT
BATESVILLE, ARKANSAS
M-N 23-095

June 19, 2024

The following revision shall be made to the plans and specifications and become a part thereof:

1. The bi-fold door specification shall be changed to allow aircraft cable operation of the door. The cable equipped door shall be as manufactured by Erect-a-Tube, Inc. Other building manufacturers to use Schweiss bi-fold door with strap operation.
2. Note that the airport has a site on field to borrow fill from and use in the project. Balance of fill to be hauled in.
